Welcome Aboard!

On behalf of the Board of Directors, Members, and Staff of the Maritime Museum of San Diego, welcome to the greatest collection of historic vessels in the United States. No matter where we stand in the Museum family, it is our proud duty to serve as stewards for the centuries of technology and maritime tradition that are a part of the Museum fleet. As a 501(c)(3) non-profit, it is our Mission to serve as the community memory of our seafaring experience by collecting, preserving, and presenting our rich maritime heritage and historic connections with the Pacific world.

It is our hope that your experience as a Volunteer for the Museum will provide you with a profound sense of pride, knowing that you are helping to keep history alive through whatever volunteer position that feels right for you. The Volunteer Program upholds the Museum’s mission and contributes to its success with volunteers who provide an enjoyable experience for guests and community members of our Museum as well as support and complement the Museum’s professional staff. We really would not be afloat without the contributions of our Volunteers, the integrity and dedication of which can be compared to no other Museum in the world.

We encourage you to take time to read this packet completely as it provides guidelines for our Volunteers. If you have any questions or suggestions about our organization, you are encouraged to contact the Volunteer & Membership Coordinator.

Thank you for pursuing the adventures ahead and we’ll see you aboard!

Sincerely,

Raymond Ashley, Ph.D., K.C.I.

Ahoy, Volunteer!

In this handbook, you will learn about the Museum, our polices, procedures, and guidelines regarding being a volunteer at the Maritime Museum of San Diego (MMSD). As your Volunteer Coordinator, it is my duty to see that you are enjoying the best experience possible and this packet will help this wish come true. Please read carefully through the following pages and ensure that we have a record of your health insurance coverage. Once we receive these forms, we will enter you into our volunteer database, where you will be able to view our monthly volunteer postings, check and log your hours, as well as receive our Ahoy, Volunteer emails, which are sent weekly.

As a Volunteer, you will accumulate hours, which are tracked in our database. These hours are representations of your dedication to our Museum. We encourage you to keep a personal log of your own hours. To thank you for all that you contribute, we host an annual Volunteer Recognition Night in April where we recognize volunteer hours. Your hours go so much farther than the immediate impact on our fleet and guests. We report your hours to numerous grants and institutions, which help us to fund our education programs, our historic bay cruises, and countless other projects. Suffice it to say, we truly would not be afloat without you!

There is always something happening at MMSD, Monday through Sunday, and there’s something for everyone! Take a look below to see what course sounds right for you:

ADMINISTRATIVE: Assist in the offices to perform general tasks, such as, but not limited to, participating in phone drives, photocopying, small database projects, stuffing envelopes, answering phones, being a Museum concierge to answer general questions, and being a greeter to hook potential visitors.

CARPENTRY: Woodworking is a craft exercised daily here at the Museum. MMSD has an entire workshop where master and apprentice carpenters craft fids, pins, rolling pins, cheese boards, custom parts and so much more for the maintenance and gift shop at the Museum. If you’re interested, but have no background in carpentry, fear not! We have an excellent group of volunteers in the shop willing and ready to share their knowledge. No experience necessary - you will receive a thorough rundown of safety on the equipment in the shop as determined by the staff supervisor.

DOCENTS: Docents are a wonderful group of folks who complete the “Docent-U” class from January through March each year to learn about and share the histories of our vessels with the public. (You may join any time during the year). As ambassadors for the Museum to the public, they perform group tours, ‘deck watch’ and numerous other volunteer functions attending to the needs of our visitors. Often times groups will want to enjoy tours of the Museum, which are lead by volunteers. When the big groups come in, we often need extra hands to help us manage crowds and provide support to our event staff.

EVENTS: We celebrate private and public events here at MMSD. Volunteers provide support for Event Staff, helping to guide guests to the right areas, assist with set up and tear down of event spaces, and, when applicable, answer any questions about the history of the vessels.
EXHIBITS AND COLLECTIONS: Every year, the Museum opens 2-3 new exhibits, which take a lot of work to produce. Constant maintenance of permanent exhibits is needed. We encourage our exhibit volunteers to adopt a ship, which they’ll visit regularly to ensure that her displays remain in ship shape! For Collections, from dusting a display case to white-glove handling a two-hundred year old cutlass to the counting of collection file cards, this is where we work with the antiques and collectibles. Whether it’s deconstruction of a previous exhibit, or helping our Exhibit Director to dust the exhibit space, lots of help is needed to maintain and to bring our exhibits to life.

LIBRARY: Our library is limited only by space. There are thousands of books and research projects to be enjoyed to support our publications, including our academic publication, Mains’l Haul. There are often projects underway requiring volunteer assistance, both long and short term.

MAINTENANCE: Working around the ships is one of the best ways to get to know them. Whether you’re skilled or looking to be trained, the possibilities are almost endless. Carpentry, painting and scraping, electric, plumbing, and sweeping are all tasks that are performed on a regular basis at the Museum. Maintenance volunteers are encouraged to come in on Sundays, but are welcome any day of the week with supervisor’s approval.

MODELERS: If modeling is your hobby, our modeler’s guild is a group of award winning aficionados who love to share their craft. The visiting public is often engaged at the model-shop watching the progress of several craftsmen/hobbyists, who, at their own pace, work on their ongoing model ship projects.

SAIL CREW: Starting promptly at 8:30am on Sundays our Volunteer Sail Crew gather together for work and/or training group assignments. From this highly dedicated band of weekend shipmates, we select our crew for the underway activities of our growing fleet: Star of India, HMS Surprise, Californian, Medea, and San Salvador.

If any of these opportunities excite you or if you want to learn more, please feel free to contact me and I will be happy to elaborate or to put you in contact with the appropriate Museum supervisor.
Volunteers are essential to the Museum’s operations. From the visitor experience to carrying on the traditions of tall ship sailing, we would not be afloat without you. In order to make the best experience possible for our Volunteers, members, guests and staff, please read the following:
